ORDER BY THE CHIEF

February 23, 2015

ORDER NO. 2015-56

TO: Antero Resources Corporation
1615 Wynkoop Street
Denver, CO 80202

RE: Application for Unitization
Loraditch Unit
Monroe County, Ohio
Corrected Unit Order

SUBJECT: Order for Unit Operations of the Utica/Point Pleasant Formations

Pursuant to Ohio Revised Code Section 1509.28, the Chief of the Division of Oil and Gas Resources Management (“Chief” or “Division”) makes the following Findings and issues the following Order:

BACKGROUND

- 1) On June 10, 2014, Antero Resources Corporation (“Antero”) filed an application pursuant to Revised Code 1509.28 to operate as a unit the Utica/Point Pleasant Formations at an approximate true vertical depth located from fifty (50) feet above the top of the Utica Shale to fifty (50) feet below the base of the Point Pleasant Formation. The proposed “Unit Area” is 663.259 acres in Seneca Township, Monroe County, Ohio. The proposed Unit Area is comprised of a total of forty-nine (49) tracts, and known as the “Loraditch Unit.” The application included a Unit Agreement, Unit Operating Agreement, and relevant exhibits. The application also included the pre-filed testimony of the following Antero employees: Brandon Binford, Geologist; Hal Hogsett, Reservoir Engineer; and Sloane Ford, Landman.

- 2) Pursuant to R.C. 1509.28, the Division held a hearing on November 19, 2014, in Columbus, Ohio at the Ohio Department of Natural Resources ("ODNR"), to consider the need for the operation as a unit of an entire pool or part thereof. At the hearing, Antero employees Binford, Hogsett, and Ford confirmed their pre-filed testimony and answered questions posed by Division staff members.
- 3) Antero's application for unitization of the Loraditch Unit, as filed, proposed to include two (2) unleased tracts totaling 3.835 acres (Tracts 27 and 28). The two (2) unleased tracts are owned by the "Heirs of Frank Mercer." At the time of the application, Antero listed a total of sixty-eight "Heirs of Frank Mercer"; of these sixty-eight, twelve had entered into voluntary lease agreements with Antero. On November 17, 2014, Antero filed updated information with the Division, which listed a total of seventy-two "Heirs of Frank Mercer," and showing that fifty-seven had entered into voluntary lease agreements with Antero. On November 25, 2014, Antero notified the Division that it had obtained an additional lease of one of the "Heirs of Frank Mercer." As of the date of this order, Antero has been unable to enter into a voluntary lease agreement with the following fourteen (14) "Heirs of Frank Mercer," hereinafter considered "unleased mineral owners": George and Mila Theiss; Thalia and Tod Kahrig; Brent and Patricia Crum; Gary and Betty Theiss; Elsie Theiss; Theresa and Gregory Petersen; Betty Jane Sartoris; Michael D. Besancon; Katherine M. Besacon; Diane and Walter Brown; James R. Stephen; Savannah and Daniel LaRocca; Roger and Patricia Mercer; and Rhonda and Dennis Kennedy.
- 4) The Division provided notice of the November 19, 2014 hearing, return receipt requested, to all "Heirs of Frank Mercer" listed as "unleased" as of the date of Antero's initial application. Addresses and title work were provided by Antero. Antero also published notice of the November 19, 2014 hearing from November 4 through November 8 in the following publications: Times Leader (Belmont County); The Marietta Times (Washington County); and The Monroe County Beacon (Monroe County). Mila and George Theiss appeared at the hearing on November 19, 2014, and made a statement on the record. The Division also received written comments from Diane Brown, which were included in the record.
- 5) On December 23, 2014, the Division received from Antero updated application materials, reflecting a reduction in the number of wells in the proposed Loraditch Unit from six (6) wells to four (4) wells. The updated information included written testimony of Antero employees Hogsett and Ford, which set forth the rationale for the reduction in number of wells and provided updated exhibits discussing the resulting financial implications. All other information that was presented in the original application and subsequent hearing testimony remained unchanged.

- 6) On January 30, 2015, the Division issued to Antero Chief's Order No. 2015-15, authorizing operations in the Loraditch Unit. Chief's Order No. 2015-15 incorrectly stated that Antero proposed to drill three (3) wells in the Unit Area; the correct number of wells proposed by Antero is four (4) wells. Antero notified the Division of this error on February 20, 2015. In light of the error, the Division determined that it was appropriate to issue a new order for the Loraditch Unit.

FINDINGS

- 7) Based on the application submitted by Antero, and subsequent testimony by its employees, the Chief finds that Antero has established that it is the "owner," as that term is defined in R.C. 1509.01(K), of at least ninety-nine percent (99%) of the land area overlying the pool in the Loraditch Unit, which is greater than the sixty-five percent (65%) as required by R.C. 1509.28(A).
- 8) Based on the application submitted by Antero, subsequent testimony by its employees, and the updated testimony and exhibits filed on December 23, 2014, the Chief finds that the operation of the Loraditch Unit is reasonably necessary to increase substantially the ultimate recovery of oil and gas ("oil" and "gas" are defined in R.C. 1509.01).
- 9) Based on the application submitted by Antero, subsequent testimony by its employees, and the updated testimony and exhibits filed on December 23, 2014, the Chief finds the value of the estimated additional recovery of oil or gas ("oil" and "gas" are defined in R.C. 1509.01) from the Loraditch Unit exceeds the estimated additional cost incident to conducting the operation of the Loraditch Unit.

ORDER

IT IS HEREBY ORDERED:

Pursuant to R.C. 1509.28, Antero is authorized to conduct operations within the Loraditch Unit in accordance with all of the following:

Plan for Unit Operations

- 1) The Unit Area is comprised of forty-nine (49) tracts totaling 663.259 acres in Seneca Township, Monroe County, Ohio, as shown on Exhibits A, B, and C.

- 2) Antero proposes to drill four (4) wells from a single pad site in the Loraditch Unit for the purpose of recovering oil and gas. Drilling operations shall commence in the Unit Area within twelve (12) months from the date of approval of this Order. In order to achieve the stated goal of substantially increasing the ultimate recovery of oil and gas (as those terms are defined in R.C. 1509.01) from the Utica/Point Pleasant Formations within the Unit Area, Antero shall produce from four (4) wells no later than three (3) years after the well is completed. If Antero fails to drill, complete, and produce at least four (4) wells in the Unit Area, the Chief may amend or terminate this Order. Any additional wells permitted by the Chief for the Utica/Point Pleasant Formations in the Unit Area are subject to this Order.
- 3) Evidence introduced by Antero at the Loraditch Unit hearing established that the Utica/Point Pleasant Formation uniformly underlies the Unit Area. Therefore, the value of each separately owned tract in the Unit Area shall be determined by calculating the ratio of the surface acreage of a specific tract to the total surface acreage of the Unit Area. This ratio shall be known as the "Unit Participation." The allocated share of production to each tract shall be equal to that tract's Unit Participation.
- 4) All charges and credits made for investments in wells, tanks, pumps, machinery, materials, and equipment shall be allocated among the working interest owners of each tract based on the Unit Participation. For purposes of this Order, any unleased mineral owner is not a working interest owner, and the proportionate share of the expenses allotted to the unleased mineral owners shall be allocated to the participating working interest owners.
- 5) All unit operation expenses shall be charged to, and paid by, the working interest owners of each tract in amounts based on the Unit Participation. All unit operation expenses concerning wells and operating equipment shall be just and reasonable.
- 6) If necessary, Antero and all other consenting working interest owners shall carry, or otherwise finance, any person who is unable to meet that person's financial obligations in connection with the unit operations. For purposes of this Paragraph, "person" shall mean "non-participating working interest owner." Antero and all other consenting working interest owners' reasonable interest charge for carrying or financing the non-participating working interest owner shall be determined by the terms of Antero's Unit Agreement and Unit Operating Agreement for the Loraditch Unit. Once a specific cost is charged to the initial well, that same cost cannot be charged to subsequent wells in the Unit Area.
- 7) Antero shall supervise and conduct all unit operations. Each working interest owner shall have a voting interest equal to its Unit Participation. Approval of unit operations shall be subject to the terms of Antero's Unit Agreement and Unit Operating Agreement for the Loraditch.

- 8) Unit operations may commence as of 7:00 a.m. on the day following the effective date of this Order. Once the initial well is placed into production, operations within the Loraditch Unit may continue as long as hydrocarbons are produced from any well in the Unit Area without a cessation of more than ninety (90) days, unless otherwise approved by the Chief in writing. The Loraditch Unit may be terminated if working interest owners owning at least fifty-one percent (51%) of the working interest in the Unit Area determine that the unit operations are no longer warranted. If the unit operations are so terminated, Antero shall provide written notice of the termination to the Division and to all unleased mineral owners. In the event that termination of unit operation occurs prior to drilling and completing for production four (4) wells in the Loraditch Unit, the Chief may issue an order reducing the Unit Area to the minimum amount of acreage necessary to support those wells that have been drilled and are producing.
- 9) The following additional provisions are found to be appropriate:
 - a) No activity associated with the drilling, completion, or operation of the Loraditch Unit shall be conducted on the surface of any unleased property without the prior written consent of the owner of the surface rights of the unleased property.
 - b) Unleased mineral owners shall not incur liability for any personal or property damage associated with any drilling, testing, completing, producing, operating, or plugging activities within the Loraditch Unit.
 - c) Each unleased mineral owner shall receive a monthly cash payment equal to a one-eighth (1/8) landowner royalty interest calculated on gross proceeds. Allocation of the one-eighth (1/8) landowner royalty shall be based on the Unit Participation of each unleased mineral owner's tract. Antero shall make landowner royalty payments to leased and unleased mineral owners at the same time.
 - d) In addition to the royalty payment, each unleased mineral owner shall receive a monthly cash payment equal to a seven-eighths (7/8) share of the net proceeds from production. Allocation of the seven-eighths (7/8) share shall be based on the Unit Participation of each unleased mineral owner's tract. After Antero recovers a reasonable interest charge equal to 200% of the cost of drilling, testing, completing, and producing the initial well, Antero shall begin making such monthly payments for that well. For each additional well drilled in the Unit Area, Antero shall begin making monthly payments equal to seven-eighths (7/8) share of net proceeds from production to each unleased mineral owner once Antero has recovered a reasonable interest charge equal to 150% of the cost of drilling, testing, completing, and producing. Once a specific cost is charged to the initial well, that same cost cannot be charged to subsequent wells in the Unit Area.

- e) Nothing in this Order prohibits the unleased mineral owner from entering into a lease agreement with Antero pursuant to terms agreeable to both parties. An unleased mineral owner who enters into a lease with Antero after the issuance of this Chief's Order is no longer an unleased mineral owner under this Chief's Order as of the effective date of the lease. Antero shall notify the Division upon the execution of a lease agreement with any unleased mineral owner who is subject to this Chief's Order.
 - f) Except as provided in Paragraph 9(d) of this Order, no expenses shall be paid by an unleased mineral owner for drilling, testing, completing, producing, or operating any well in the Unit Area. However, the unleased mineral owner is not responsible for any costs related to plugging any well in the Unit Area.
 - g) If requested in writing by any unleased mineral owner or by any non-participating working interest owner, or in any manner by the Division, Antero shall provide, not later than thirty (30) days after the request, any of the following:
 - i. A monthly statement of all costs incurred, together with the quantity of oil and gas produced, and the amount of proceeds realized from the sale of production during the preceding month; and
 - ii. Any authorization for expenditure (AFE) prepared by Antero; and
 - iii. A statement of all costs and expenses for purposes of Paragraphs 6 and 9(d) of this Order.
 - h) Antero shall notify the Division of the assignment or transfer of any of its working interest in the Loraditch Unit. If Antero assigns or transfers any of its working interest, the assignee or transferee shall comply with this Order.
 - i) Antero shall notify the Division if a tract that is leased by Antero, or any other working interest owner, for purposes of operating the Loraditch Unit becomes an unleased tract. If Antero or the working interest owner is unable to enter into lease agreement for the unleased tract, Antero must submit a request to the Division for an amendment of this Order, which will include a new hearing before the Chief.
- 10) This Order is not effective unless and until Antero provides the Chief with final written approval of the unit operations as prescribed in this Order from Antero, who is required to pay at least sixty-five percent (65%) of the costs of the unit operations, and from the royalty owners or unleased fee owners of sixty-five percent (65%) of the acreage to be included in the unit. Upon receipt of this approval, this Order shall become effective, and unit operations may commence

as set forth above. In the event that Antero fails to provide all required approvals within six (6) months after the issuance date of this Order, the Order will be deemed revoked, and the Chief shall provide notice of the revocation to Antero, to the unleased mineral owners, and to the non-participating working interest owners.

- 11) In the event that this Chief's Order is appealed, the time periods as specified in this Chief's Order are tolled pending final determination of the appeal.
- 12) Within twenty-one (21) days of this Order becoming effective, Antero shall file a copy of this Order within the Monroe County (Ohio) Recorder's Office, in the records of each of the one hundred ninety (190) tracts that are subject to this Order and referenced in Exhibits A, B, and C. Antero shall submit a certification of the filing to the Division within fourteen (14) days of filing. The certification shall include a reference to the volume and page number corresponding to each record where the Chief's Order is recorded.
- 13) The Chief of the Division retains continuing jurisdiction over the Loraditch Unit as is consistent with the Chief's powers and duties as established by R.C. Chapter 1509 and Ohio Adm.Code 1501:9. The Chief reserves the right to amend this Order subsequent to the commencement of unit operations within the Unit Area.
- 14) Except as specifically set forth in the terms of this Order, nothing herein shall be construed as a waiver of any private right or cause of action that may be brought by or against any party to this Order.
- 15) This Order takes precedence over all terms included in Antero's Unit Agreement and Unit Operating Agreement as to any unleased mineral owner and any non-participating working interest owner.
- 16) Chief's Order No. 2015-15 is rescinded.

Feb 23, 2015
Date

Richard J. Simmers
Richard J. Simmers, Chief
Division of Oil and Gas Resources Management

Addressee is hereby notified that this action is final and effective and may be appealed pursuant to Section 1509.36 of the Ohio Revised Code. If the Order is appealed to the Ohio Oil and Gas Commission, the appeal must be in writing and must set forth the Orders complained of and the grounds upon which the appeal is based. Such appeal must be filed with the Oil and Gas Commission, 2045 Morse Road, Building H-3, Columbus, Ohio 43229-6693, within thirty (30) days after receipt of this Order.

In addition, within three (3) days after the appeal is filed with the Oil and Gas Commission, notice of the filing must be submitted to Richard J. Simmers, Chief, Division of Oil and Gas Resources Management, Ohio Department of Natural Resources, 2045 Morse Road, Building F-2, Columbus, Ohio 43229-6693.
