

Division of Oil and Gas Resources Management
2045 Morse Road, Building F-2
Columbus, Ohio 43229-6693
(614) 265-6633
(614) 265-7998

Dear Sir/Madam:

In response to your request for enhanced recovery project information, application procedures and forms are enclosed. Rules pertaining to enhanced recovery projects are contained in Chapter 1501:9-5 of the Ohio Administrative Code as amended June 1, 1982.

Before proceeding with the formal application process, you may request, in writing, that the Division of Oil and Gas Resources Management (Division) perform a preliminary review of the area in which your proposed enhanced recovery project is to be located. This review could uncover any obvious problems that may prevent eventual approval of the formal application.

The completed application forms must be submitted to the Division before proceeding with the public notification process. Within five (5) days after submittal, the Division will determine if the application is complete and inform you if additional information is required or advise you to proceed with public notification. The application fee is \$500.00

If you have any questions about the application process, feel free to contact me at (614) 265-1032.

Sincerely,

Tom Tomastik, Geologist
