* Note, the fee remittance to the Division is **first** calculated on the **Out of District** Substances delivered and the maximum number of barrels of substance delivered per saltwater injection well on which a fee may be levied under division (B) of 1509.221 is 500,000 bbl.

** The Owner of an injection well who collects the fee may retain up to 3% of the amount collected.

*** Checks are to be made out to the Ohio Department of Natural Resources, Division of Oil and Gas Resources Management and forwarded to the address at the top of the form referencing "Disposal Fee". Include a copy of the completed form with the check.

One form must be used for each injection well owned.
